A World Within: Art by Women from the Permanent Collection
Opens this weekend on August 20!

Traditionally accepted feminine art practices are being embraced, ignored, or transformed, as each artist sees fit, across the spectrum of women's art. ***A World Within*** examines how women artists evolve their chosen mediums, contemplate the world, and represent themselves and other women. Utilizing works found within the Museum's acclaimed permanent collection, this exhibition presents a diverse array of art by women that explores a range of media, subject matter, styles and methods.
